

25X1 3. Mr. Berkovitch, Counsel to the Special Subcommittee of the
25X1 Senate Rules Committee considering Congressional Committee procedures,
25X1 informed me that Judge Morris had again raised the question of the possi-
bility of some testimony [] which might be helpful to the Sub-
committee. I told Mr. Berkovitch that I had previously informed Judge
Morris that when [] appeared before the Jenner Committee, Sen.
Jenner might wish to wear his Rules Committee hat to ask the necessary
questions. I said that [] would not be available until the middle
of October at the earliest and it might be preferable not to have him testify
before the first of the year. 22 Sept. 54
